ASSIGNMENT OF APPLICATION

Docket Number (Optional)

Whereas, Reuven Battat, Michael Her,^{Chandrasekha} Sundaresh, Anders Vinberg, and Sidney Wang hereafter referred to as applicants, have invented a certain new and useful method known as Method and Apparatus For Intuitively Administering Networked Computer Systems for which an application for a United States Patent was filed on or about July 10, 1997.

Whereas, Computer Associates International, Inc., Computer Associates Plaza, Islandia, New York 11788-7000, herein referred to "assignee" is desirous of acquiring the entire right, title and interest in the same; Now, therefore, in consideration of the sum of One Dollar (\$1.00), the receipt whereof is acknowledged, and other good and valuable consideration, we, the applicants, by these presents, jointly and severally, do sell, assign and transfer unto said assignee the full and exclusive right to the said invention in the United States and the entire right, title and interest in and to any and all Patents which may be granted therefor in the United States or in any foreign country. I hereby authorize and request the Commissioner of Patents and Trademarks to issue said United States Patent to said assignee for its sole use and for the sole use of its legal representatives, successors and assigns, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me or us had this assignment and sale not been made.
